

EXPECT VOTE ON TAX MEASURE FRIDAY

PROFITS TAX LAW WILL NOT BE DISTURBED

Adoption by Senate of
Amendment to Revenue
Bill Done Quietly
SAVES \$75,000,000
Rules That Profits Tax Comes
from Surplus of Year
Computed

Washington — Quietly and almost
without attracting any attention, the
treasury department has made a
move which will save the corporations
and business world generally
about \$75,000,000 in taxes and many
times that in financial embarrassment.
For the senate has adopted at the
suggestion of the treasury an
amendment to the revenue bill
whereby the existing regulation on
which virtually all the excess profits
tax cases of previous years were settled
will not be disturbed.

BASED ON DECISION
It all resulted from a decision of
the supreme court of the United
States in respect to a munition tax
case. Lawyers and experts promptly
drew the inference that all excess
profits tax cases were affected and
the treasury shared the view to such
an extent that the amendment was
promptly inserted.

The point at issue was whether
the payment of income taxes on
March 15, or subsequent installment
dates in any year permitted the corporation
to regard the payments as
coming out as surplus for the year in
which taxes were paid or the preceding
year.

It was important because excess
profits taxes were computed on the
relationship of earnings to invested
capital. If the surplus for the year
1918 for instance were \$10,000,000 and
a tax payment of \$1,250,000 were
made in March, 1919, the question
was whether the surplus for 1918
was \$8,750,000 or \$10,000,000. The
treasury has always figured that it
came out of the surplus of the year
on which the tax returns were
computed, namely 1918 in the illustration
given. And that ruling now will be
written into law and validated so no
doubt on the point will exist.

There would also have been differences
in the amount of tax due because
as the rates of taxation were
reduced they affected payments of
succeeding years and it would have
been generally confusing if all the
corporation returns had to be revised
in the light of the new interpretation.

TREASURY FACES DANGER
The incident however illustrates
the danger which the treasury faces
from time to time in the attitude of
the courts toward regulations which
have been accepted virtually as law
for several years and which may
cause the reopening of many cases
thought to have been settled.

The treasury is working in close
cooperation with congress on such
administrative provisions as these and
at present the regulations have been
revised in the light of experience to
such a point that it is believed very
little amendment will be necessary.

If the present law should develop
defects however it is the expectation
of the treasury to ask for amendments
at the December session of
congress. Both houses have in the
past been willing to correct administrative
inequities especially when it
has meant a saving to the taxpayer
not only in money but time and credit.
For frequently the condition of a
company five years after a decision
has been made is not as good as
when tax payments were originally
made and retroactive action is generally
frowned upon as unfair. The
tendency now is to secure the validation
by law of regulations that were
adopted in the early stages of the
income tax so as to result in as little
embarrassment as possible to all concerned.

SPANISH AVIATOR WOULD PROCEED TO NEW YORK

Buenos Aires (AP)—Having flown
from Potos, Spain, to Buenos Aires,
commander Ramon Franco said
Thursday that he would shortly send
to King Alfonso a proposal to continue
the flight from Buenos Aires to
New York. He added that his plane,
the Plus Ultra, was in splendid
condition.
Franco desires to fly home by way
of the South American west coast,
crossing the southern Andes and visiting
Chile, Peru, Ecuador, Colombia,
Cuba and the United States. He has
been privately informed that his plans
will be approved.
The 6,232 mile flight was flown in
42 hours, 52 minutes.

ARREST 7 FOR ABDUCTION

RENEW EFFORT TO BRING COAL STRIKE TO END

Operators and Miners Meet
at Separate Hotels in
Philadelphia

Philadelphia, Pa. (AP)—Another
serious effort to end the long anthracite
strike is being made. This time
the scene is again in Philadelphia
where the operators and miners broke
up their last parley on Feb. 2.
The negotiating committee of operators
and the subscale committee of the
miners are in direct touch with each
other. The operators are at the Ritz
Carlton hotel while the miners are
at the Bellevue Stratford across
the street.
Both sides deny there is anything
directly pending between them. In
fact each gave the same reason for
assembling here—"legislative matters."

The negotiating committee of the
operators with a number of other coal
company representatives, arrived
Wednesday. John J. Lewis, president
and Thomas Kennedy, national secretary-treasurer, came in early Thursday
and later the other four members
of the miners committee arrived.

GOVERNMENT INTERESTED
Washington, D. C. (AP)—Agencies
of the federal government are taking
a very active interest in the renewed
negotiations for peace in the anthracite
industry.

Although President Coolidge apparently
is not prepared to abandon his
policy of non-intervention, the mediators
of the labor department are
concerning themselves directly with
the peace discussions and proposed
plans for settlement are receiving
very careful scrutiny in high official
circles here. From the start of the
suspension, the government mediators
have been in close contact with both
sides, under the plan of mediation and
conciliation provided by law. The extent
to which they may have gone in
suggesting a solution never has been
disclosed, but it became apparent
Thursday that all of the details of the
negotiations have at least been studiously
considered here, and that further
compromise proposals now are under
consideration in the labor department.

Secretary Davis discussed the situation
Thursday with President Coolidge.
He said afterwards that he knew
of no developments that would
indicate a change in the president's
hands off policy. He declined however
to go into the question of what the
labor department has done under its
general authority to mediate in labor
difficulties.

WOULD FORCE ACTION
Harrisburg, Pa. (AP)—Negotiating
committees of the anthracite operators
and miners would be called upon by
the Pennsylvania legislature to
resume negotiations at once at
some place within the state and to
remain in session until an agreement
is reached, under a resolution presented
in the house Thursday by the
committee on mines. It was laid over
until the next session, which will be
held Monday night.

TWO ARE INJURED IN CLASH IN COAL FIELD

Seranton, Pa. (AP)—Two men are
in a hospital suffering from stab
wounds and others were badly beaten
up in a clash between several hundred
men and coal bootleggers at
Carbondale Thursday.

Carbondale police received Thomas
and George Hobbs, who were attacked
by the crowd as the Hobbs brothers
were hauling bags of coal from a
dump. The brothers were severely
beaten before the police arrived.

Police lined up the troublemakers
after many of them had been
escaped and in searching their clothing
found three revolvers, two hand
axes, hammers and baseball bats.
Other weapons were thrown into the
river.
Frank Laizzi and James Behan
engaged in a knife duel and both were
stabbed in the arms.

BROWNE BILL DIRECTED AT ADULTERATED BUTTER

Washington (AP)—A bill to prohibit
the manufacture and sale of adulterated
butter, or butter substitutes,
and providing a maximum fine of
\$500 for violation, was introduced
Wednesday by Representative
Browne, Republican, of Wisconsin.

Cold Wave Follows Snow In Northeastern U. S.

New York (AP)—Bitter cold Thursday
followed on the heels of a snow
and blizzard in a week that buried
north-eastern United States under
two feet of snow took 14 lives and
held the section virtually snowbound
for 24 hours.
Adding to the heavy snowfall of
late last week which took 32 lives in
the east, Wednesday's storm choked
roads everywhere, delayed railroad
traffic, particularly in suburban districts
and heaped up drifts 10 and 12
feet high in many sections of New
England. A storm in Chicago took
three lives.
While the east struggled through the
snowdrifts, Colorado, Montana,
and Wyoming were basking in warm
sunshine, fanned by chinook winds
from the Rockies, and noting increased
flocks of robins. Great Falls,
Mont., usually a stronghold of winter,
reported a butterfly. While a
Laramie rancher was catching a box
of grasshoppers as indication that
winter was over, 10 inches of snow
was falling further north.
WHIPS UP SEA
The storm, now headed northeastward,
in the Atlantic Ocean, whipped
huge seas and drove coastwise ships
to shelter. Railroad traffic suffered
heavily.
At Brockton, Mass., public buildings
were turned over to hundreds
of persons unable to reach their
homes.
On the Boston to Newport branch
of the New Haven railroad a gang of
30 shovellers made an all night fight
to extricate passengers of two New-
port bound passenger trains which
had been stalled in huge snowdrifts.
At Gloucester, Mass., one body had
been recovered from the wreck of the
fishing schooner Ralph Brown which
dashed to destruction on the bleak
coast off Briar Neck during the
height of the storm and efforts were
being made to recover bodies of two
other seamen.
The cutter Mojave was standing
off shore to take aboard victims
of another wreck, the city coast
guardmen who comprised the crew
of the patrol boat Co-128 which met
disaster on the Rhode Island shore
near Whale Rock Light.

ITALY WON'T HAVE LEAGUE IN ARGUMENT

Mussolini Declines to Have
Powers Adjust German
Dispute

BULLETIN
Vienna (AP)—The Herzog press
agency says the prefect of Bolzano,
southern Tyrol, has forbidden newspaper
men to send any news from that
region without submitting it for
censorship. It added that infringement
of the order will result in severe
punishment and expulsion.

Rome (AP)—Italy declines any proposal
to bring the alleged ill treatment
of the German minority in the
upper Adige before the League of
Nations for adjustment. This has
been announced by Premier Mussolini
in unmistakable terms to the Italian
senate.
"I declare explicitly," he said "that
the non-Italian speaking population in
the upper Adige does not constitute
a minority as construed by the
peace treaty."
"Italy does not accept any discussion
of this matter in any assembly
or council and will react with the
greatest energy against any plan of
this nature. These are not menaces,
productive of dilemmas. They are undeniable
affirmations, with force and
dignity, as is the custom of our Italy,
which too many Germans make the
grave mistake of not yet knowing."

This statement was made in answer
to the suggestion made by Dr.
Stroessmann, German foreign minister,
in his address to the Reichstag,
appealing to the League of Nations
to settle the controversy.
The statement was made about the
same time Germany's application for
membership in the League of Nations
was being received at Geneva.
Mussolini reiterated that Italy
would decline to permit physical or
cultural violation of her frontier. The
upper Adige region did not belong to
a Germanic cultural community and
Italy would continue her policy of
"Roman equity" in territory, the possession
of which, cultural as well as
physical, was essential to the safety
of Italy.

**They Have Lots of
Money In the Mint
—But**
It doesn't do you any good.
If you have lost some, the
superintendent of a U. S. money
factory won't "shell out."
The best way to retrieve your
loss is to do as Mrs. C. F. Glaser,
542 N. Clark street, has just done.
When this lady lost a sum of
money she immediately inserted
an ad in the "Lost & Found"
columns of the Post-Crescent.
On the following day her loss
"was cured to a found!"
"It surely pays to advertise,"
she told us when we inquired if
the desired results had been
brought about.
So, in the future, if YOU lose
money or anything else, just
forget the mint but remember to
call 643 and ask for an advertiser.

LAWRENCE AND WHEATON DEBATE AT OSHKOSH

Oshkosh (AP)—A non-decision
debate was held here Wednesday evening
between students of Lawrence
college, Appleton, and Wheaton
college, Wheaton, Ill., the subject being
the prohibition law. Both teams
argued the question of expediency
of the eighteenth amendment. Lawrence
held the amendment was working out
fairly well but admitted more rigid
enforcement, jail sentence instead of
fines and an educational program
were needed for complete success.
Wheaton favored repeal of the present
amendment but would substitute
a twentieth amendment that would
have teeth enough in it to bring
thorough enforcement.

BODY OF MARCHIONESS FOUND IN HOTEL ROOM

Berlin (AP)—The body of Marchioness
Gabriela D'Isperi, sister of the
German actress, Maria Orake, was
found hanging in her room in the
Bristol hotel Wednesday night. The
police believe she committed suicide.
The marchioness returned to the hotel
early Wednesday morning after
having been ejected from a fashionable
west end club where she caused
excitement by repeatedly shouting
"viva Mussolini!"

POLICE QUIZ MEN CHARGED WITH ATTACK

Fourth Member of Family
Dies Following Return
from Mexico

San Diego, Calif. (AP)—Seven persons,
including Zenaido Llanos, chief
of police in Tijuana, have been arrested
in connection with the abduction
and attacking of Audrey and
Clyde Petet, two American girls, in
the Mexican town. The girls had
gone to Tijuana, across the border
near here, with their parents for a
visit.
With the parents, Mr. and Mrs. T.
M. Petet, they were found in their
home Saturday. Three were dead
and Miss Clyde Petet, who was the
only one of the family alive when police
visited the home, died Monday.
Authorities believe the family took
this course when they returned as a
consequence of the treatment they
received in Tijuana.
SEVEN ARRESTED
Besides Llanos, others arrested
were: Louis Amador, Tijuana cafe
proprietor, wanted in Los Angeles
after jumping \$3,500 bail posted when
he was arrested on a narcotic selling
charge.
Rafael Alvarez, bartender, believed
to have missed Audrey Petet after
the girls had been brought back from
Tijuana Hot Springs.
Francisco Gonzales, Tijuana policeman.
Juan York Sang, Chinese hotel
manager where Audrey was found by
her father Thursday morning.
Salvador Espinoza, taxicab driver
who took Mrs. Petet on a fruitless
search for the girls in Tijuana. Hot
Springs. Francisco Navarro, bartender
for Amador.
Governor Rodriguez of the northern
district of Lower California
promised a thorough investigation
with punishment for the guilty.
The officials said they had been
troubled by Governor Rodriguez to
make examples of those proved to
have been implicated in the offenses.
CONSUL STARTS PROBE
While the investigation was under
way in Tijuana, Frank Bohr, American
vice consul at Mexicali, under orders
from the American state department,
was preparing to start a
separate inquiry. An investigation
into the deaths of the family will be held
Friday.
Two days before the deaths the
circle told a story to the effect that
after several days spent in seeing the
sights of Tijuana, they were pined
with liquor and drugs by a man
named Luis, who introduced them to
the chief of police and others. Clyde
was taken by the "chief" to a
strange hotel and Audrey also was
misused, their story said. Clyde was
returned to Tijuana and jumped from
the automobile in front of her hotel.
Audrey was found by her father
a policeman the next day in another
Tijuana hotel near the police
station.

TWO EVANSTON COPS SUSPENDED FROM SERVICE

Chicago (AP)—Two policemen have
been suspended in Evanston, suburban
home of Vice President Dawes,
as a result of an investigation of
crime conditions made by William A.
Wittberger, called the "College Graduate
Police Chief."
The policemen, one a negro were
named, the chief said, in a confession
of Glen Kenley, held on robbery
charges who said they had aided him
and three others in more than a score
of burglaries in the exclusive suburb.
The burglars were not only furnished
with lists of homes to enter but
a police automobile was furnished to
help haul away the loot. Chief Wittberger
said the confession stated.
**RECOMMEND \$422,939
FOR CHIPPEWA INDIANS**
Washington (AP)—An appropriation
of \$422,939 for relief of the Chippewa
Indians in Minnesota was included in
the first deficiency bill as reported
Thursday to the senate. The measure
also was amended to include \$300,000
for the North Platte reclamation project
in Nebraska and Wyoming.
As reported the measure represents
an increase of \$41,893,162 over the
house figure. The total is \$423,577,162.
Most of the increase was for the
veterans' bureau, which was given an
additional \$38,250,000 for military and
naval compensation and insurance.
The committee tacked on an additional
\$374,385 for "contingent expenses"
of the senate.

JUDGE BRINDLEY, 75, DIES AT LACROSSE

La Crosse (AP)—Judge John Brindley,
county judge of La Crosse county,
died early Thursday morning at the
age of 75 years. Judge Brindley had
been county judge here for 28 years.
He was an earnest worker with boys
and was one of the first to start probation
work. While in the state legislature
he became known as "the
father of compulsory education" since
it was he who introduced that bill
and brought about its passage.

EDISON PASSES BIRTHDAY WITH NEWSPAPER MEN

St. Meyers, Fla. (AP)—Thomas
Alva Edison, electrical wizard, 79
years old Thursday, celebrated the
event by allowing newspaper men to
propound questions to him.
It is Mr. Edison's habit to receive
newspaper men on his birthday. Any
kind of a question is permitted. Encouraged
by some of the novel and
interesting answers the inventor has
given in the past, writers for many
publications gathered to attend the
reception held in the tropical garden
of the Edison winter home.
A picnic for Mr. Edison's young
grandson and several employees followed
the question bee.

ORDER COUNTLESS TO RETURN HOME

Divorced Wife of Earl of
Cathcart Appeals to Secretary
of State
New York (AP)—The Countess of
Cathcart, the divorced wife of the
Earl of Cathcart, Thursday was ordered
excluded from the United States.
The exclusion order was made by the
special board of inquiry at Ellis Island,
which has been investigating the
countess' case since her arrival Tuesday.
Admission of the countess to the
United States was denied on the
ground of "moral turpitude and her
admission of adultery."
She has announced that she will
appeal the case to the secretary of
labor at Washington. Meanwhile immigration
authorities have ordered her
held at Ellis Island detention station.
Unless Secretary of Labor Davis
reverses the recommendations of the
board of inquiry the countess will
be returned to England on the next
Sunday liner sailing for Liverpool,
the authorities said.
The countess, who had been accompanied
to Ellis Island by Mrs. Gordon Carr,
an English friend, and Horace Green,
an American citizen, appeared before
the board of inquiry alone. Her
friends awaited in an ante room while
she testified.
Mrs. Carr will leave for Washington
this afternoon to personally carry
the countess' appeal to Secretary
Davis.

CONDITIONAL PARDONS
Conditional pardons were granted to
Charles Ghode, Milwaukee; Guy Mathews,
St. Croix; Arthur Pedersen,
Barron; and Orrin R. Hughes,
Milwaukee.
Ghode was sentenced last November
to six months in the house of correction
for abandonment. Mathews was
convicted last July of stealing a
barrel of oil and several cans of
grease and sentenced to from one
year to 18 months in prison. Pedersen,
17 years old, was sentenced last
November to the industrial school for
boys until 18 years old for assault on
a girl. Hughes was under a three
year sentence in the house of correction,
imposed last September on a
charge of larceny as a bailer.
The sentence of Walter Larsen,
Milwaukee, sentenced to three years
in December, 1924, for forgery, uttering
a forged check and obtaining
money by use of confidence game, was
commuted to expire at once. The
eight year sentence imposed on
Peter H. Palubicki, Oneida, in
December 1923, for freight car
burglaries, was commuted to four
years.
Executive clemency was denied to
Theodore Weatherbee, Milwaukee,
sentenced last October from one to
five years in the house of correction
for obtaining money under false
pretenses. Myron Seymour, Forest-Croix,
convicted of criminal assault, and
Carmelo Zaccaro, Milwaukee, serving
a ten years sentence since April
1924, for a statutory offense.

WOULD ASSURE REDUCTION BY REPORT TIME

Administration Republicans
Attempt to Recoup Wednesday
Losses

POSTPONE BALLOT
Senate Adds \$100,000,000
Cut After Repealing In-
heritance Tax

BULLETIN
Washington (AP)—A senate vote
Friday in passage of the tax reduction
bill was forecast Thursday by
Chairman Smoot of the finance committee.
The final roll call planned for
Thursday was postponed while administration
Republicans sought to recoup
some of the revenue losses voted
Wednesday by repeal of the taxes on
automobile cars and trucks, admissions
and dues. Chairman Smoot said a
vote Friday would assure tax reduction
by March 15, when income tax
installments are due.

Washington, D. C. (AP)—Administration
Republicans sought Thursday
to counteract the tax slashing orgy
indulged in Wednesday night by the
senate, adding \$100,000,000 to its
voting to repeal the inheritance tax.
The sudden turning of 15 Republicans,
who first had voted against repeal
of the inheritance tax, and then
joined an almost solid democratic
lineup in wiping out the taxes on automobiles,
admissions, and dues, prompted
a quick recess as moved by Senator
Reed, Republican, Pennsylvania,
"in view of the storm."
Chairman Smoot of the finance
committee, hopeful that the storm had
blown itself out, over night, sought
Thursday to round up enough
strength to undo some of the action
of Wednesday, especially in view of
the remaining provisions calling for more
tax cuts.
The total reduction of \$452,000,000
provided by the bill at the close of
work Wednesday is \$125,000,000 over
the figure provided by the house measure
and the maximum set by Secretary
Mellon. Chairman Smoot told the
senate its action in repealing the
automobile passenger car levy, increasing
the loss of \$700,000,000 in revenue
"will ruin the bill" while Senator
Cousens, Republican, Michigan,
countered with the charge that it was
"a damnable outrage if you take three
taxes off dead millionaires and not
relieve these burdensome levies." He
had fought the provision repealing
the inheritance levy which was approved
by the senate, 49 to 26, with 18
Democrats and 31 Republicans favoring it.
Elimination of the taxes voted
Wednesday may assure return of the
inheritance tax to the bill when it
reaches the conference with representatives
of the house whose leaders
already had served notice they would
fight for its return to the bill. Repeal
of this levy and the retroactive reduction
in inheritance rates in effect since
the increase were voted two years ago
would involve a loss of \$20,000,000 this
year, it was estimated.
Repeal of the taxes on admissions
and dues was approved 26 to 24, on a
motion of Senator King, Democrat, of
Utah, counter to the finance committee
proposal merely to increase the
tax exemptions on 50 and 75 cent
tickets. Elimination of the automobile
passenger car tax, which the house
and senate finance committee
had voted to reduce from 5 to 3 per
cent, was approved 42 to 21 while the
tax on automobile trucks was stuck
on 54 to 12. The house had voted to
repeal this levy of 3 per cent but the
finance committee restored it to
the bill with a rate of 2 per cent
to obtain \$6,000,000 additional revenue
annually.
Although the Democrats lined up almost
solidly for repeal of these taxes they
were taken to task Wednesday
by Senator Reed, Democrat, Missouri,
for their compromise with the committee
on the surtax rates. He declared
that by accepting the reduction in
the maximum surtax rate to 20 per
cent for greater reductions in the lower
surtax rates "you swapped injustices
for injustices with the Republicans."
He suggested that "hereafter
you let these matters be settled in the
senate on their merits."

BLAINE TURNS DOWN 7 PLEAS FOR PARDONS

Governor Won't Free Men
Convicted of Selling
Moonshine

Madison (AP)—Governor Blaine
has denied executive clemency to
three convicted bootleggers and also
to Judson Montgomery, driver of an
automobile that killed three persons
and injured a fourth in Milwaukee in
1919.
In denying pardons to Gust Johnson,
Polk, and B. J. Evans and
Jesse H. Pilgrim, Iowa, the governor
said:
"Prohibition or no prohibition, it is
wrong to furnish vile, poisonous concoctions
such as moonshine to any
one, especially young people. The
curse of the whole situation is that
poisonous moonshine has been the attendant
evil that has come out of prohibition."
Johnson, Evans and Pilgrim were
convicted of violating the prohibition
laws.
In the case of Montgomery, convicted
of second degree murder the executive
said he was convinced that
restitution would not be made in any
appreciable degree to the victims of
his "death car."
Conditional pardons were granted to
Charles Ghode, Milwaukee; Guy Mathews,
St. Croix; Arthur Pedersen,
Barron; and Orrin R. Hughes,
Milwaukee.
Ghode was sentenced last November
to six months in the house of correction
for abandonment. Mathews was
convicted last July of stealing a
barrel of oil and several cans of
grease and sentenced to from one
year to 18 months in prison. Pedersen,
17 years old, was sentenced last
November to the industrial school for
boys until 18 years old for assault on
a girl. Hughes was under a three
year sentence in the house of correction,
imposed last September on a
charge of larceny as a bailer.

NINE ALDERMEN URGE GOODLAND INTO MAYOR RACE

Councilmen Sian Plea Urging
Continuance of Present
City Administration

Acting on the solicitation of his supporters, Mayor John Goodland, Jr., has announced his decision to become a candidate to succeed himself. The mayor took out nomination papers Wednesday afternoon and placed them in circulation.

The city's chief executive, who admits that he had at one time practically decided to stay out of the race, says he was guided in his recent decision by numerous requests from all over the city, but particularly by the endorsement given him by a big majority of the aldermen in office.

A petition signed by nine of the twelve members, pointing the economy effected by the present city administration, declared that it ought to continue without a change.

Mr. Goodland was elected mayor in the spring of 1924. It was not his first experience in city government, for he was one of the city's first commissioners at the time that type of government was adopted, and he served in this capacity for four years.

Until that time he had served the city continuously as treasurer for 11 years. Mr. Goodland is a resident of the Sixth ward and lives at 705 N. Oneida-st.

The aldermen's petition urging him to become a candidate is as follows: "Whereas, during the last year there has been the most pleasant working relations between the Common Council and the Mayor of the City of Appleton;

"And whereas, public improvement has gone on at a maximum and the expenditure of taxpayers' money has been held to a minimum;

"And whereas, through the efforts of the Common Council and His Honor, the Mayor, taxes have been materially reduced and the balance carried over by the City Treasurer in city funds has never been greater;

"And whereas, we believe it for the benefit of all that the present city administration should continue without change;

"Now, therefore, the undersigned members of the Common Council, having in mind the best interests of the City of Appleton and all its people, hereby request that Mayor John Goodland run for reelection as Mayor so that the splendid work in city affairs may continue.—Mark Catlin, P. Earle, Robert F. McGilgan, Charles D. Thompson, J. Henry Fiedler, Charles Fosse, C. F. Smith, Robert C. Zilke, Jessie C. Hanan."

Two more candidates have thrown the proverbial hat in the ring by filing nomination papers for the office of alderman. Alderman Mike Steinhauer, 714 N. Bateman-st., who has held the office as a representative of the First ward for two years, a candidate to succeed himself.

Seven years ago when the aldermanic government succeeded the commission regime, he was elected an alderman from the Second ward in which he was living at the time.

The other candidate to file papers is Fred W. Wiese, 515 N. Durkee-st., who is seeking the office of new ward. Wiese is employed by his brother, George H. Wiese, plumber. He was a candidate for the same office a year ago.

One Thousand and Ninety-Five Meals to Prepare Each Year.

Did you ever stop to think that the housekeeper who does her own cooking prepares 1,095 meals a year? And more than that, after these meals she washes 1,095 sets of dishes.

With such a task before her how important it is that the housewife have the benefit of every labor-saving device possible.

A kitchen cabinet will save thousands of steps; a fireless cooker permits the housekeeper to leave her food cooking without worrying about the results; a dish drainer not only saves time and labor but does away with the too often insanitary dish towel; a serving tray lessens the trips between the dining room and kitchen both in serving and clearing away meals.

These household conveniences may be made at a moderate cost by anybody who has a few simple tools and the ability to use them. Directions are given in a Government booklet which this Bureau has for free distribution. Enclose two cents in stamps for return postage.

KINDERGARTEN MENTORS HEAR MAGAZINE REPORT

Miss Rose Helm was to report on an article by Charlotte Perkins Gilman, "What Our Pupils Might Have?" from a recent number of the Century magazine at a meeting of kindergarten teachers' study club at 4 o'clock Thursday afternoon in the office of Ben J. Toban, superintendent of schools. The article is "A Little Educational Portent Telling," and follows the course planned by the study club for the year. The club has been studying type cases of discipline, each teacher working out one special type.

WOULD INCREASE TAX ON GASOLINE

Farmer Bureau Says Too
Much of Highway Cost Is
Paid by Property Tax

Tax revision, including increase of the gasoline tax to pay more of the highway costs, was recommended by the Wisconsin Farm Bureau Federation in resolutions adopted at its recent meeting in Madison and just made public.

The resolutions states that the highway program "is paid for too largely by taxes collected on general property" and urged an increase in the gasoline tax "sufficient to replace entirely the county tax on general property for highway purposes."

It was further advocated that the \$2.50 per mile allowed from the highway funds for use on the highway be paid to the township treasurers instead of being turned over to the county highway commission for use in the towns.

Relief was asked for farm lands within the so-called joint high school districts. The farm bureau went on record as opposed to the plan "which practically places all farm lands in some high school district."

The annual school meetings which determine the school budget are dominated by the electors from the cities or villages and under such a plan the farmers who would be paying a large proportion of the tax would not be fairly represented."

The plan as proposed would place all farm lands in some high school district and would spread the cost of the school with 30 per cent being paid by the state, 30 per cent paid by the county and 40 per cent paid by the school district.

WISCONSIN WEATHER
Mostly cloudy tonight and Friday; probably snow by Friday; rising temperature.

WEATHER CONDITIONS
The high pressure area over the central states has developed unexpected strength, and was swayed in its course, now being over the mid- and lower Mississippi valley. This development has drawn in colder air over the entire middle northwest and also over the east and south. It is moving rapidly across this section, however, and is followed by a decidedly low pressure development over the eastern slope of the Rockies. This is expected to move northeastward, and cause rising temperature in this section, and probably snow beginning late tonight or on Friday.

Directors Meet
Directors of the Y. M. C. A. will hold their February meeting at 1:15 Friday afternoon at the "Y." Monthly reports will be read, and other routine business transacted.

SULPHUR HEALS
SKIN ERUPTIONS

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing soothes itchy skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A jar of Rowles' Mentho-Sulphur may be had at any good drug store. Let a trial of Mentho-Sulphur show what this means to you. Send the coupon for it. Clip it now.

ONEIDA-ST IS TO BE MADE 6 FEET WIDER

Council Decides to Postpone Appleton-st Widening Project

The program of widening Appleton-st from W Lawrence-st to W Franklin-st was deferred indefinitely by the common council at an adjourned meeting Wednesday evening.

Plans for resurfacing and widening of Oneida-st in the same blocks, and for paving N State-st and S Cherry-st south of the bridge were adopted, and the city clerk was instructed to advertise for bids.

Objections from property owners on account of the great expense to them, particularly to Pettibone-Peabody company which would be required to construct its underground work, induced the council to postpone the program for a few years to see what a possible change in the parking regulations might do to relieve the congestion of traffic. It is probable that parking on only one side of the street will be permitted.

WIDEN ONEIDA ST

Similar objections to widening of Oneida-st were not considered in the same light. The congestion on this street was regarded as more acute on account of the street car tracks. If the city had assurance that the tracks would be scrapped soon, the congestion here too might be relieved, some of the aldermen held.

But the city can hardly afford to wait as it plans to resurface the pavement this year. It was pointed out by Alderman C. D. Thompson that it is imperative that the resurfacing be done this year. He said that rather than resurface only and probably widen the street later the city would act wiser by doing both jobs at one time.

The alderman suggested that bids be advertised for and then if the council is in favor of resurfacing only it can still dispense with the widening project. When the council voted on the whole report Alderman Mike Steinhauser and George T. Richard voted "No" and Alderman Wenzel Haysman who also opposed it voted "present". Mr. Steinhauser objected to the widening project as he considered it a move in favor of motorists at the expense of pedestrians. He added "I would sooner see a car on automobiles crushed up than one child hurt."

Alvin Gould caused a burst of laughter when he suggested "I'll tell you how you can avoid widening the street. Buy a car. Don't resurface the street and then you won't have any motor traffic on it at all."

CHARGED TO PROPERTY

The resurfacing part of the project will be borne by the city as a whole but the widening, of the street will be charged against the owners of the adjoining properties. Three feet will be added off the sidewalks on each side of the street. This will cut down the width of the walks from 12 feet to 9 feet. This width Alderman Thompson declared is approximately that of a London street. Oshkosh is the second most important street of that city. Alderman St. Oshkosh has only a 12-foot sidewalk while Appleton's College street has a 16-foot sidewalk and there is no need for a 12-foot sidewalk for a city street in Appleton he asserted.

The plans for Oneida-st now include a radius of 10 feet at College-st and 15 feet on all the other intersections. This is almost the same radius as is now in effect at the College-st intersection. The change to a 20-foot radius was not considered necessary as is the present diagonal parking system would save the motorist hardly any benefit of a wide radius.

Plans for N State-st include a boulevard from the present pavement near the Northwestern tracks to W Vinnebago-st with 18 foot roadways and a 12-foot center boulevard. The pavement from W Vinnebago-st to W Wisconsin-st will be 32 feet wide about 2,800 feet of road will be paved on S Cherry-st. This will also be in the form of a boulevard with 18-foot roadways and a 34-foot center boulevard. The pavement will extend from the bridge to the county line, or the boundary of the Lunch farm. From there to the Menasha-rd Vinnebago-st will provide a pavement.

The type of material for all projects has not as yet been selected but the material for S Cherry-st will be of concrete.

Grades were established for S Cherry-st by the common council Wednesday evening and will be recorded in the register of deeds office.

FEW FISH TAKEN THRU ICE THIS WINTER

Fish in Lake Winnebago are unusually dormant this winter according to fishermen who have tried angling through holes in the ice. Both the east and west shores of the lake fail to yield a harvest this year.

So unsatisfactory has the fishing been this season that very few shanties have been built on the ice, and few cars are seen on the lake. The law permits each fisherman to operate not more than five lines, and he is required to take them in at night if he leaves his vantage place.

An explanation for the slump has not been offered by fishermen who have experienced the fluctuations of this winter sport.

Police Seek Way To Tell If Arrestee Is Drunk

BY MILTON BRONNER

London—When a man's full of hooch how are you going to test and prove it?

That may not deeply interest dry America but over here in wet England and dripping Scotland and damp Wales it's a matter of more than academic concern. The police surgeons and police magistrates of all the big cities want to know.

"Smell the man's breath," said some experienced wags.

"No good," replied the police. "Some men smell like a distillery in full operation when they've only had one drink."

Give him some tongue twisters to say," suggested some of the police station sergeants in charge. And these were the ones most recommended.

Terminological exactitude. Truly small. Methodist Episcopal. West Register street. Sixty-sixth Battery of Artillery.

She sells seashells by the seashore. At once one of the senior doctors at Westminster Hospital in London said this is unfeeling. It would be all very well to try these on schoolmasters, electricians and members of learned professions, but the ordinary man charged with drunkenness by the police, would be in such a state of emotional upset that he would fail, even though stone sober.

ROMBERG TEST

"All right," said others "give him the Romberg test—"

"Make him put heel and toes together, look up at the ceiling and close the eyes without swaying."

"Make him walk around a room without touching the walls."

"Make him walk a straight chalk line, turn suddenly at the end of the line and return."

"Make him hold one leg off the ground without wobbling."

"Rotten," said some London and Glasgow doctors "quite a number of sober people might fail to do these mild acrobatic feats when excited by their arrest. Besides, a man with locomotor ataxia or giddiness due to a quite innocent liver trouble might reel around and be charged with being drunk."

Amid all this encircling gloom the British Medical association has therefore decided to appoint a committee of experts whose object it will be to shed light. They are to try to

produce a series of fair tests which will enable the police surgeons to decide whether an arrested person is really drunk.

The committee will consist of four former officers of the association—Sir James Verrall, Dr. Forthright, Dr. Bone and Dr. Turner. Drs. P. B. Spurgeon, A. R. Moore, T. Rose and W. J. Keats representing the association of Metropolitan Police Surgeons, police surgeons from Liverpool and Birmingham, two magistrates, and two medical practitioners with special scientific knowledge of drunken men, those suggested being, Sir William Wilcox and Dr. Fairgair Burzard.

This committee of specialists is to report back to the British Medical as

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action. It soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation while the creosote goes on to the stomach is absorbed into the blood attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga. adv.

The Toughest Old Cough Can Now Be Stopped

Lingering coughs—the kind that hang on and hang on and rob a man of his sleep—the kind that makes him peevish and all worn out.

Those are the breed of coughs that prove that common cough syrups are about as useful as a bottle of ginger pop.

The quickest and surest way to get rid of a persistent cough is to take a teaspoonful of Broncholine Emulsion four times a day.

It's made to stop the old timers—the tough ones—and it does it without any loss of time.

And remember, there is no chloroform—no sugar—no dope in this grand cough medicine. It's a prescription for stubborn coughs and that's the kind it speedily conquers.

For ordinary coughs one or two doses is usually enough. Union Pharmacy, Voigt's Drug Store. adv.

THE REASON FOR BAD GOVERNMENT

The supreme court of Illinois has af-
firmed a decision which holds Governor
Small of that state liable for approxi-
mately \$1,000,000 in interest on public
bonds which he unlawfully withheld dur-
ing his second term as state treasurer.
This is final and means that the govern-
or will have to repay this sum or go into
bankruptcy. While he was freed by trial
of a criminal charge for misappropriat-
ing these funds, nevertheless the charac-
ter of his offense remains the same. Mor-
ally, it was embezzlement. Men have
been sent to the penitentiary for less of-
fenses.

But the governor's difficulties do not
end here. There is a section of the Il-
linois constitution which reads that no
person who may be a collector or holder
of public moneys, which are not accounted
for and paid over to him according to law,
shall be eligible to any office of trust or
property in the state. It is held by com-
petent lawyers that this invalidated his
election as governor, since he had not ac-
counted to the state for moneys due it
when he left the office of state treasurer
and became a candidate for governor. It
is said that ouster proceedings may be
commenced to remove him from office.

This would be the short way of getting
rid of a governor who has abused public
trust, and who has reduced politics in Il-
linois to a depraved state. However,
there are plenty of misguided citizens
who would continue to vote for him and
keep him in office if that were possible.
Their persistent support of a man who is
not entitled to their confidence is a sim-
ple but forceful illustration of the reason
why we have so much bad government in
this country. Mr. Small even has the ef-
rontery to appeal to the people of Illinois
to raise a fund to relieve him of his obli-
gation to the state. There would be choice
irony in such a response, for it would
mean reimbursement by the very ones who
had been defrauded, but he may be able
to put it over. There is no accounting
for the delusions of people who follow
some of our notorious politicians.

A FOOLISH EXPERIMENT

The senate has disposed of the tax pub-
licity controversy by approving the sec-
tion of the house bill repealing the pres-
ent publicity provisions. The real test
of senate opinion came on an amendment
offered by Senator Norris, going beyond
the existing law and providing for com-
plete publicity of tax returns by making
them public records, which was rejected
by a vote of 49 to 32. This settles the
matter and it means that this year we
shall return to the former policy of treat-
ing income tax returns as confidential.

We cannot say that the experiment
with publicity of income taxes has any-
thing to recommend it. The principal ar-
gument in favor of it consists, we think,
of a state of feeling. It arises out of a
desire to embarrass those most successful
in business and earning capacity by ex-
posing their incomes to public notice.
Nothing has developed to show that pub-
licity is of the slightest value in prevent-
ing untruthful or fraudulent returns or
the evasion of equitable taxes.

The publication of a man's taxes means
nothing to the public nor to any official
except as it may be subjected to expert
analysis. This of course the public is in-
capable of doing. It would be impossible
for an individual to challenge the cor-
rectness of another's returns, except upon
prejudiced suspicion or a mere desire to

cause trouble. The government has com-
plete access to returns and the country
must rely upon the performance of duties
which involve the checking up of income
taxes and investigation of cases which ap-
pear to warrant investigation.

Against publicity is the entirely legiti-
mate objection that it exposes business
and personal affairs to the inquisition of
competitors and the public generally, and
that it discloses information which is none
of the public's business. If the mere pub-
lication of taxes paid would result in the
disclosure of evasions and dishonesty, that
would be sufficient reason for publishing
them, but even that would not be suffi-
cient reason for making public all of the
information contained in returns. Since
publicity of either taxes paid or income
tax returns cannot perform this service, or
contribute to better observance of the tax
laws, no good is to be accomplished by
legalizing it.

JUSTIFIED INVESTIGATION

The government has filed suit in federal
court to restrain the formation of the
\$2,000,000,000 Ward Food Products
corporation. Whether the government is
successful in the suit will be determined
by the evidence and the facts. It is
charged that the combination is a viola-
tion of the Sherman anti-trust law and on
the face of the information available
to the public there would seem to be
ground for the accusation. However, the
suit is justified on the grounds of public
policy, for it will be a speedy means of
determining whether the organization is
within the law or not. It will subject it
to the scrutiny of the courts and if it is
found to be in violation of the law, its ac-
tual formation can be prevented.

The fact that this combination deals in
food products makes it especially desir-
able to know just what it is and what it
may be in a position to do in the control
of food supplies and manipulation of prices.
When trusts of this size occupy them-
selves with the necessities of life it is
doubly necessary to keep them rigidly
within the law and to keep a vigilant
watch upon their operations.

There is such a thing as overdoing con-
solidations of this character. While very
large corporations may be recommended
because of economies and efficiency they
are able to bring into production and mar-
keting, nevertheless it is the policy of the
nation to discourage the formation of
trusts which have it in their power to con-
trol supply and prices. Mergers are all
right up to a certain point, but beyond
that the possibilities of evil, together with
a record of evil actually done, make it
preferable to prevent them and preserve
freedom in production and independence
in competition.

ALWAYS PLAYING POLITICS

Governor Blaine was taken to task by
the Federation of Women's club at Beloit
for his pardoning of bootleggers. The
protest of the women was made on moral
and social grounds. They object to the
use of the pardoning power for the bene-
fit of criminals who they think are en-
titled to no leniency in the administration
of the prohibition law, and whose libera-
tion helps to nullify the law. They were
quite within their rights in communicating
their views to the governor.

As usual Mr. Blaine flies off the han-
dle, gets mad and returns an abusive re-
ply. The governor's letters to the women
are 100 per cent politics. They are
characteristic pleas to the galleries. It
is a peculiar state of affairs, as the Beloit
women rejoice, when citizens of Wiscon-
sin cannot express their views about gov-
ernment without being rebuked and hav-
ing their motives misconstrued. On his
part, Governor Blaine has a right to ex-
plain his pardon policy, but it would be
more becoming of him and the office he
occupies if he did it in a dignified and
courteous manner. His first letter to the
Beloit Women's club was anything but
that. It not only manifested feeling,
but it was, as we have said, a rebuke care-
fully studied for political effect.

FOOD AND BRIGHT'S DISEASE

Dr. T. H. Newburgh of the University of Michi-
gan medical school found he could produce a con-
dition akin to Bright's disease by feeding rabbits
with a high proportion of protein—he used coag-
ulated egg white. Within a few weeks the rabbits
showed development of nephritis as shown by the pres-
ence of albumin and casts in their urine.
But rabbits are naturally herbivorous and ani-
mal protein may produce an injury which vegetable
protein would not produce in rabbits. So Dr. New-
burgh and his coworkers conducted another series
of feeding experiments, this time feeding rabbits
an excess of soy beans (which contain 38 per cent
protein) over a period of several months. These
rabbits excreted twice as much nitrogen through
their kidneys as rabbits normally do, and likewise
developed moderate nephritis (kidney inflammation).
Rats are omnivorous. Man is omnivorous. White
rats fed on a high protein diet develop signs of ne-
phritis in a year.

Why pick on protein, nitrogenous material? Why
not assume that an excess of carbohydrate (starch)
or sugar or an excess of fat in the diet will injure
the kidneys? Well, the reason why protein is taken
as the scapegoat, is that the normal end products
of the metabolism of protein are excreted almost
entirely by the kidneys, whereas the end products
of carbohydrate and fat metabolism are excreted
chiefly through the lungs and liver. On this fact is
based the medical theory that an excess of protein
in the diet places a strain upon the kidneys, forces
the kidneys to overwork eliminating the nitrogen-
ous end products.

This is only a theory, however. And it applies to
protein of any kind or quality, not just animal pro-
teins. There is no apparent reason why the kidneys
can't eliminate the end products of the metabolism
of lean beef or egg white or red or dark meat as
readily as the end products of the metabolism of
proteins of vegetables, nuts, light meat, or
milk.

These animal experiments are all very well, but
the opinion of the family physician about a ques-
tion such as this has greater weight, at least in
my judgment. Especially the physician who has
considerable experience in making periodic health
examinations, and among these there is a growing
belief that an excess of carbohydrate (the usual ex-
cess is overeating) is more likely to injure the kid-
neys than an excess of protein. A physician in ex-
cess charge of a large clinic for cardiovascular cases,
reports that they have given red meats and animal
proteins liberally to patients with hypertension and
arteriosclerosis and in six years this policy has
been satisfactory, although they restrict the protein
allowance in the diet when examination of the pa-
tient (with Bright's disease) shows an impaired ni-
trogen excretion. Another physician of extensive
experience in this field remarks in a symposium on
the subject "Uric acid figures throw no light on the
nephritis problem, in my experience. Creatinin de-
terminations do not add much of value and may
be misleading." (Uric acid is one of the end prod-
ucts of protein nitrogen metabolism or oxidation,
creatinin is another. Both are normal constituents
of the urine; both are normally present in the blood.)

The moral of this story is that we doctors ac-
knowledge we know far less about the relation of
diet to disease than you wise-women think you
know.

QUESTIONS AND ANSWERS

Time Water

I wish to make some lime water for sweetening
an acid condition. Please give me directions. (Mrs.
M. K.)

Answer—Put in two quarts of water in a crock
or earthen jar a lump of unsalted lime the size
of a person's egg. Stir it up and let it stand until
it settles. Pour off the upper clear solution, which
is lime water. More water may be added to the
lime remaining in the jar to make fresh lime water.
A few spoonfuls of lime water is a moderate dose.

The Kimberly-Clark Crepe Paper mill plant, four
miles from this city, valued at more than \$1,000,000
took fire Wednesday evening. The flames raged un-
til about midnight before being brought under con-
trol. The finishing rooms, print mill, three machine
rooms and a number of other buildings were a total
loss. The estimated loss was placed at from
\$400,000 to \$500,000. The plant will be rebuilt. The
origin of the fire is a mystery.

The marriage of George D. Joerens, son of
Arnold Joerens and Miss Lavinia Evelyn Har-
wood, daughter of Mrs. F. Harwood took place at
high noon today at St. Mary's parsonage. The cere-
mony was performed by the Rev. W. J. Pittman.
Miss Florence M. Harwood, a sister of the
bride, was maid of honor and William J. McGil-

partment died at his post overcome by smoke after
fighting desperately for several hours at the head

value and probably would supply the local office

FLOWERS AND VEGETABLES VS. DOGS

Editor Post-Crescent: Now that the
spring season is approaching and all
true lovers of gardens and flowers
will soon be busy, it seems to me a
very appropriate time to raise the
extremely important question of gar-
dens and flowers vs. dogs. While I am
a lover of all animal life, I am dis-
tinctly opposed to the prevailing cus-
tom of dog owners allowing their
pets to wander without restraint,
messing about and running over my
flower and garden beds. What is
more disgusting than to find the very
flower you have been patiently wait-
ing to bloom is suddenly ruined by
some dog or dogs. If dogs are really
necessary for the enjoyment of com-
fort of some people, why do they not
arrange to keep them on their own
premises. This could be easily done by
running a stout wire, with a ring at-
tached, across their lawn and tying
the dog's chain to the ring. This
would give them sufficient run and
would not annoy their neighbors.
Could the owners of dogs see their
absolute selfishness in the way it ap-
peals to flower and garden lovers,
they would either keep them on their
own lawns or get rid of them entirely.

Hold Party At Close Of Club Drive

One hundred eighteen members of the Ladies Aid society of Mt. Olive Lutheran church were entertained at a banquet Wednesday night at the church as the climax of a membership drive which was conducted by the society. Thirty-five new members were obtained in the campaign. The society was divided into two teams for the drive with Mrs. G. D. Ziegler, captain of the winning team and Mrs. Edward Miller, captain of the losing team, which obtained 17 members. Members of the losing team were hostesses at the banquet.

One of the features of the banquet was the novel way in which it was served and prepared. The ladies were grouped according to the month in which their birthdays occur. Each table represented a month of the current year and courses at each of the 12 tables were served in keeping with the month it represented.

The Rev. E. Schluter of Oshkosh was the speaker at the banquet. His subject was Home and Mother. Several readings were given by Miss Ruby Weber of Oshkosh, and Mrs. J. H. Jebe and Carl Jebe played piano and cello numbers. The Rev. E. E. Ziesemer was toastmaster.

STUDENTS WILL GIVE PARTY FOR PARENTS

KAUKAUNA WILL COOPERATION IS
HAVE TWO-DAY NEEDED ON FARM
CHEST CLINICThree Physicians and One
Special Clinic Worker Will
Be in Charge

Kaukauna—Dr. C. D. Boyd of the University Sanatorium has announced a free chest clinic to be held Feb. 15 and 16 in the city hall. The clinic is being sponsored by the Wisconsin Anti-Tuberculosis association, and all expenses are being paid by funds raised from the sale of Christmas seals. Clinic hours will be from 8:30 in the morning until 5 o'clock in the afternoon. There will be three examining doctors and one special clinic worker. This will give Kaukauna practically a week of clinic service as high school students are to be examined Feb. 15, 16 and 17.

While the primary purpose of the clinic is the discovery of unknown and unsuspected cases of tuberculosis, it is also an agency for general health education. Although tuberculosis and heart disease are the two main disorders sought out by the clinic physicians, a thorough examination is made of the glands of the neck, the nose and throat, and the mouth. All defects are carefully noted and the patient is informed as to his condition. When necessary he is referred to his family physician for observation and treatment.

HOLD FUNERAL SERVICE

Red and White Basketball
Team to Play Return Match
With West DePere Friday

New London—The high school basketball team will enter its sixth game of the season on Friday night, when the Red and White meets the West DePere quintet at that city. A fierce battle ensued here a few weeks ago when West DePere came to New London, and after what was probably the fastest high school basketball game ever seen here, the locals came out on the long end of a score of 15 to 12. However, the game was close enough to show New London is not going to West DePere to play marbles. The westerners have a team that is almost undefeated so far this year. New London handed them their first defeat.

Coach Polomski has been putting the boys through hard practice sessions this week preparatory to the fracas. He expects to take a large number of the squad along on Friday, to be prepared for any emergency. New London will play upon a strange floor with a team that was almost her equal on her own floor, and moreover, the Red and White will miss the crowd of supporters that turned out and yelled the team to victory over West DePere here.

RED PEPPER FOR
RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the best relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

WAUPACA SCOUTS AND PARENTS IN JOINT BANQUET

Celebrate Sixteenth Anniversary of Founding of National Organization

Waupaca—One Pine boy scouts Tuesday night had a 630 dinner at the Baptist church at which they were hosts to their parents, the occasion being the sixteenth anniversary of the founding of the Boy Scouts of America. About 100 were present to enjoy the dinner planned by the boys and served by mothers and friends of the scouts. The tables were decorated with potted plants and floral banners. William Martin, county judge, was the principal speaker. He talked on the subject, "What a Boy Ought to Do." Willys Holmes, Dr. H. I. Lewis, George Lindahl and L. A. Anderson sang a number of songs.

The scout basketball team will meet the high school subs at the high school gymnasium Friday night. On Monday night the entire team met at the home of Charles Russell and listened to the scout radio program. Sunday night they attended the Baptist church in a body. Next Sunday night the entire troop will attend the Methodist church services.

STAGE AND SCREEN

MEDIANA SUNKIST SYN- COPATORS TO APPEAR AT FISCHERS THEATRE

Joe Riley, "master of the harp," whose artistic way of producing harmony with this favorite instrument, makes him a highly desirable vaudeville attraction, will be at the Fischer's Appleton theatre Friday, Saturday and Sunday, accompanied by a harp orchestra known as the California Sunkist Cincopators. In his present starring vehicle, Mr. Riley emphasizes the opinion so widely held that the harp is the most beautiful of all musical instruments. The contrast between the playing of the five cincopators in their inimitable saucy and spirited way and Mr. Riley's classics on the harp is of the greatest interest to music lovers. Mr. Riley and his girls are on their way east after a big success on the Pacific coast and at the most important midwest theatres.

"I am trying to give the public something just a little different," Mr. Riley told a Denver newspaperman recently. "Everywhere it is jazz, jazz, jazz. I believe the people are tiring of this and have produced an act with pep, talent and variety but not confined exclusively to jazz. The girls are all of the collegiate age, measure exactly the same for wardrobe and are talented musicians, playing an even score on their instruments."

On the same bill we have "The Three Weber Girls," also Naida Norraime, America's double voiced songster and a comedy skit by Fairman & Gill. The feature photograph on Friday and Saturday will be "The Enchanted Hill," from Peter B. Kyne's famous novel, with a great cast headed by Jack Holt, Florence Vidor, Noah Beery and Mary Brian.

and Phillips Smalley, Antonio D'Ally, Elythe Chapman, Mary Hayes, Katharine Bennett, Lucien Littlefield and Ned Sparks are in the supporting cast. The story was adapted to the screen by Carey Wilson.

"POLICE PATROL" IS A PAGE TORN FROM THE BOOK OF LIFE

One of the season's most thrilling photoplays is scheduled for the New Bijou theatre on Friday and Saturday when the new Gotham Production entitled "The Police Patrol" with James Kirkwood will be shown.

This is a story of the New York police department and staged under direct supervision of police officials. The incident depicted on the films was taken from life and first made into play by A. V. Pearson and now it comes to the screen. The story tells of a policeman's love for a beautiful girl who lives on his beat. To his astonishment he discovers the girl in company with some notorious law breakers who escape after robbing a store on his beat. The girl persuades the officer that she is innocent and he, refusing to arrest her is suspended from the force. How the mystery is unraveled and the truth brought to light forms the basis of some of the most exciting screen action seen in some time. Depicting the many trials that beset an officer of the law in pursuit of his duty, this stirring photoplay concentrates in a brief hour or so the most thrilling events of a policeman's exciting career.

married by a Methodist minister, although Able is an orthodox Jew and Rosemary a fervent Catholic. When the play opens Able is introducing Rosemary to his father as his fiancée, but to assuage suspicion of Rosemary's nationality and religion is forced to add a "ski" to her name, and as Rosie Murphish, Able's father welcomes her and arranges for a fitting wedding according to the Jewish rite. Just as the ceremony is being performed, Rosemary's father, Patrick Murphy, arrives on the scene, accompanied by a Father Whalen, who, as they imagine, is to bind Rosemary and Michael McTee in wedlock, according to the Catholic ritual. The fathers meet, discover each others racial and religious status, and the complication that develops provide the comedy situations.

The company of players that will

present "Able's Irish Rose" here is the same that recently concluded an engagement of twenty-nine weeks at the Colonial Theatre, Cleveland. The cast will include Dorothy Coghlan, Jacob Prunks, Arthur Ross, Berta Walden, George Nathanson, Frank Stevens, Austin Walsh, Jos Monahan, the bevy of pretty bridesmaids and others.

ABIE'S IRISH ROSE

A ripple of mirth at first, speedily developing into a gale of laughter and hilarity, which engulfs an audience and tosses it about until it virtually cries for succor from seemingly endless attacks on its risibilities—such, perhaps, best describes "Abie's Irish Rose," which plays at Fischer's Appleton Theatre a return engagement by request, on Wednesday night Feb. 11th.

The play is the creation of Anne Nichols, to whom several previous successful plays are credited. The author is herself the producer—one of the few independent producers in days of combines and amalgamations.

The story of "Abie's Irish Rose," in brief, with Able Levy, a war veteran, who fell in love while overseas with Rosemary Murphy, a war nurse. They return home and are surreptitiously

MILITARY BAND

Artillery Musical Organization
Plays Concert Dedicated to
Dr. Wriston

A program made up almost entirely of request numbers will be played by the 125th Field Artillery band Thursday evening at Lawrence Memorial chapel. The concert is to be dedicated to Dr. Henry M. Wriston, president of Lawrence college. A large crowd than ever listened to any former indoor concert is expected to be present because all the numbers to be played are to be old favorites. The well known Poet and Peasant Overture, the first number on the program, and the familiar William Tell Overture, the concluding number are among the request selections which will be given.

One feature number of especial interest is an infantry march song written by Captain F. R. Rogers of this city, entitled Follow Me. This will be sung by the schola cantorum of Lawrence college, directed by Carl J. Waterman. A vocal solo, Il Bacio, will be presented by Isabel Wilcox, soprano. The program follows:

P. O. PREPARES FOR
SHIPMENTS OF CHICKS

With the approach of the season for shipping day-old chicks through the mails, postoffice employees are being warned to take extra care in handling the parcel post packages containing the birds. The season starts early in February, according to H. J. Franck, assistant postmaster. Postoffice employees are warned not to give the chicks food or drink, and to see that they are delivered as soon as possible and not to place them in mail bags or pile mail on top of them. The shipment must be kept right side up and level, should not be stacked unless they have good ventilation. They are not to be exposed to heat or cold or places near radiators or steam pipes, and must be protected from sudden changes in temperature. They are sent as first class mail and require a special handling stamp. Shippers must be warned not to send their chicks on Saturday or the day before holidays, so that they will not have to lay over a day in the receiving postoffice. They can be sent only to places where they will be received before they become 72 hours old.

HOLD SPEECH CONTEST
FOR GRADED SCHOOLS

Pupils of graded schools in Outagamie county will be eligible to enter a speech contest to be held April 30. It was announced by A. G. Meisinger, county superintendent of schools. Contests heretofore offered to the schools of the county have in a way excluded pupils of these schools from competition. It has not seemed fair to put these pupils against those of the unroom school, so that a speech contest must be arranged, Mr. Meisinger said. The contest is open to all pupils of state graded schools and grades below the high school in the county and is divided into two classes. The primary contest is for pupils in grades 5, 6, 7 and 8. The declamation is to be not less than six and not more than eight minutes. Each school will hold a local preliminary contest to select representatives from the primary and grammar groups. Appropriate prizes will be given winners of first and second places in each contest.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them. Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects. All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath. Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

Physician Proves that Pure Deep Sea Water Contains Exact Mineral Elements Your Blood is Craving for

Says: Revitalize the Impoverished Blood and Many Ailments Will Speedily Vanish

Perhaps your blood is starving for just the mineral elements normal blood must have to keep the body healthy and free it from many diseases and much suffering, misery and distress. Physicians and scientists will tell you that pure deep sea water has in it every mineral that is found in pure, healthy blood. Indeed, for many years they have known this to be true; but just how to concentrate this deep sea water and remove the surplus of common salt so that millions of people who live inland could benefit by it has been a big problem. But now, all this is changed, and people who live far from the ocean and whose blood is in crying need of these vital mineral elements can thank Dr. Hugh M. Fraser of New York who has spent many years of his busy life in the study of deep sea water and its relation to health, for solving this important problem. And a most important problem it has proved to be, for already thousands of sick, ailing and worn out people right in New York who have taken this concentrated deep sea water which Dr. Fraser rightly calls Ocean-O have been restored to health. And restored to health by the simple method of supplying the blood and through the blood every tissue in the body with just the right revitalizing elements most needed. Just think of what this discovery means to afflicted and despondent people; millions of whom have suffered for years. Take skin diseases, for instance: Eczema, acne, psoriasis, boils, pimples, and all stubborn skin eruptions (except those caused by infection) are all caused by bad blood and it has been proven that Ocean-O, the deep sea water treatment, will relieve them in a great majority of cases in a week and will conquer them many times in less than a month. You'll hear a lot about Ocean-O from now on and you'll hear about its wonderful power to give to the human blood the mineral elements it needs to keep every cell in the body in good health; for good, pure blood means good health and soundness of physicians now know that Ocean-O means both good blood and good health. You'll want to know how this sensible blood treatment is procured and extracted and filtered from pure deep sea water. It's mighty interesting! First a big tank ship goes far out into the ocean where the water is free from any contamination and from a great depth the tanks are filled. This pure deep sea water is brought to the Ocean-O laboratories on the waterfront at Newark, N. J., and stored in immense special tanks. Then it goes through a long and careful process through a scientific apparatus that cost nearly one hundred thousand dollars to build. During this process the excess common salt is removed and the mineral elements concentrated by the most careful distillation—these concentrated elements are the same as those found in pure, healthy blood. Ocean-O goes through seventeen successive filtrations before it is bottled and in each bottle there are eleven times the vitalizing mineral elements that are found in an equal quantity of deep sea water. That is why a teaspoonful to a tablespoonful (as directed) in a glass of cold water is all you need to take at one time and why a bottle of Ocean-O lasts a long time. You read above how to get rid of skin diseases by putting into your blood the vital elements needed to make it pure and the same is true of many other ailments. Give your blood the vitalizing minerals in Ocean-O and the blood will carry them to every tissue in the body and quickly improve your general health. For that reason you are urged to take Ocean-O for any of the ailments mentioned below—always bearing in mind that it is a blood treatment and acts effectively through the blood. Ocean-O is a powerful tonic in nervous diseases, neuritis and neuritis. It quickly helps nervous, fretful, irritable people and is wonderful for inducing restful sleep. It is a safe and sure tonic laxative, it is fine for gastritis, improves digestion and faulty nutrition. For any of these ailments and as a general tonic to build you up and give you new vigor and energy, try a bottle of Ocean-O. Do not hesitate to try it for you may be sure it will help you and you can buy a bottle today from Voigt's Drug Store or any drugstore anywhere with the distinct understanding that you must be satisfied or your money will be returned. WARD CAUCUSES TO PICK BOARD CANDIDATES

SCHOOL BOARD WILL CONSIST OF 7 MEMBERS

Aldermen Expected to Sponsor Meets to Select Candidates for Office

The future board of education of Appleton will consist of seven members, it was decided at the adjourned meeting of the common council on Wednesday evening.

City electors when voting for the union system of schools a few weeks ago were of the impression that the board to operate under this plan would consist of seven commissioners, but an amendment last year made it optional whether the city wished to have five, six, or seven. The aldermen decided in favor of the 7-member board, as by this plan it is possible to get representation for every one of the six wards with another to be chosen at large.

All commissioners, however, are to be elected at large, rather than by the individual wards. This is the only objectionable feature of the new city school plan, in the opinion of a majority of the aldermen, as expressed in a meeting of the committee of the whole Wednesday night. To overcome this drawback, in a measure, the plan of an informal caucus in each ward was suggested.

HOLD WARD CAUCUSES

It was feared that, on the one hand, a number of capable persons might hesitate to take the initiative in becoming candidates for school commissioners and, on the other hand, the only ones who seek the office might all be from one or two wards. It was felt that the school electors would be better satisfied if they had representation from each ward. It is planned that ward caucuses to be held in school buildings in each ward where one or more candidates may be endorsed and nomination papers may be signed right on the premises.

This method, it was felt, would give candidates more of an inducement to enter the race. Nevertheless, other candidates not endorsed at the ward caucuses would be perfectly at liberty to enter the field. The system, according to Alderman C. D. Thompson, one of the sponsors, is not intended to restrict candidates but to spread them out over the whole city.

The board of education, he pointed out, will be a responsible body. It will have charge of the spending of about \$400,000, or nearly as much as the city council has to watch over. The city, therefore, cannot use too much care in selecting the proper persons for the offices.

CALL MEETINGS

It is probable that aldermen or present school board members will call the meetings in the various wards for the endorsement of candidates.

In future years, the caucus plan would probably be unnecessary. It was held, as an unequal number of offices on the board would expire each year, for the two men receiving the highest number of votes in the coming election will hold office for three years, the three receiving the highest number of votes in the coming election will hold office for three years, the three receiving the next highest for two years, and the other two for one year each.

All commissioners must serve without compensation. A. C. Bosser, city attorney, has declared in interpreting the law. Candidates must circulate nomination papers and must go through the primary election when all but 14 candidates will be eliminated. The final selection of seven commissioners will then be made in the regular election, April 6.

Common sense will determine the number of signatures for the nomination papers. Since there is no preceding election of school commissioners upon which to base the statutory percentage, the vote cast for other city officers will be taken as a basis. The law requires nomination signatures in the number of 2 percent of the votes cast for the successful candidate for the same office at the preceding election. E. L. Williams, city clerk, has announced that he will accept nomination papers with the minimum of signatures required for the city office candidate of two years ago who received the smallest plurality. This will fix the minimum of signatures at about 65 and the maximum at about 325.

The commissioners that are elected will not assume office until in July when the terms of the present school board members will expire.

PHONE COMPANY GIVEN RIGHT TO EXTEND CABLES

Council Authorizes City Officials to Attend Conferences

The petition of the Wisconsin Telephone company to extend its aerial and underground cables in certain sections in Appleton was granted by the common council Wednesday evening following a favorable report by the committee on streets and bridges.

Sanction was also given to the replatting of Block 51 in the Third ward, and the so-called Dupont Addition plat for this section was adopted. The block is bounded by S. Mason-st., S. Mueller-st., W. Fourth-st. and the Northwestern tracks. This is the block through which it was proposed to buy a right-of-way for a diagonal street along the railway tracks, but which project the council did not favor.

In anticipation of the widening of N. Onida-st this summer by which three feet would be taken off from the sidewalks on both the east and west sides of the street, the Conway hotel asked permission to rebuild its street canopy so that the supporting posts would be set back toward the building about three feet. The matter was referred to the board of public works with power to act.

ATTEND MEETING

The mayor and the city attorney were authorized to attend a conference of city officers called by the League of Wisconsin Municipalities for Feb. 15 in Milwaukee where a legislative program may be adopted to be presented at the public hearing that will be conducted in the same city by the interim committee appointed by the legislature to study tax reform.

The mayor, city attorney and assessor also were asked to attend a hearing to be conducted by the state tax commission in the courthouse March 5 on protests of several towns against alleged inequitable assessments last year.

Louis Luehke, electrical inspector of the fire department, was authorized to attend the state meeting of electrical inspectors this spring.

Best Way to Loosen Stubborn Cough

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma, or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes of the throat.

At an appointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., St. Wayne, Ind.

CHILDREN PLAY WITH FIRE, BABY BURNS TO DEATH

3-year-old Kaukauna Child Fatally Burned While Mother Is Away

While their mother was at a neighbor's home after a pall of water, three small children of Mr. and Mrs. Fred Vandenberg, 906 Taft-st., Kaukauna, played with fire in the sitting room stove and ignited the clothing of Floyd, 3, youngest of the family, burning him so severely that he died at St. Elizabeth hospital here. The accident occurred about 4:30 Wednesday afternoon.

Emil Grassl, Kaukauna, and L. M. Steiner, Appleton, representatives of an insurance company, were passing the Vandenberg home just as a daughter, 8, rushed out of the house crying that her brother was on fire. The men saw the flames in the living room and rushed inside. They wrapped the burning boy in rugs and smothered the flames and extinguished the burning clothes of another boy, 8. The floor of the room was charred where the burning child had writhed in its agony. Mrs. Vandenberg, Bloomer, only a few feet away, heard her daughter's cries and rushed back to the house.

The burned child was rushed to the hospital where it died about 5 o'clock. The other children were not injured. The children had ignited paper by putting it into the stove and were carrying the burning torches when the baby's clothes were fired.

The baby is survived by his parents, and four brothers and sisters.

to a Green Bay hospital Monday where she will undergo an operation. Emil Gosse was at Greenville Friday on business.

Robert Krehlow and family, of Briarton, were dinner guests at Robert Mueller's home Sunday.

Herman Dettman is seriously ill at his home.

Mrs. August Rush Sr., returned home Saturday from a two weeks stay at New London.

Children's Colds

Best Treated Externally

CONSTANT dosing upsets little stomachs. Modern mothers prefer to treat children's colds externally—with Vicks VapoRub. They simply rub it on the throat and chest at bedtime.

•Vicks acts two ways at once:

(1) Like the old-fashioned poultice in "drawing out" the soreness and pain; and, at the same time,

(2) Like a modern vapor lamp because the body heat releases the ingredients in the form of medicated vapors which are inhaled all night long. These loosen the phlegm and open the congested air passages.

Most colds yield by morning to this double direct action.

CHEESE FEDERATION HAS HAD HUGE GROWTH

Plymouth — (AP) — The Wisconsin Cheese Producer's federation has had an "enormous" growth since it was founded twelve years ago. L. J. Gaynor, assistant sales manager, told the annual convention here Thursday.

Assets of the federation have increased from \$23,449 at the close of 1914 to \$872,128 at the end of 1925. For each 100 pounds of cheese handled in 1914, 484 pounds were handled last year. The federation is one of the oldest cooperative organizations in the state and was a model for similar associations for the marketing of other products.

The average net price paid factories for all styles of cheese during 1925 was 21.83 cents a pound. Mr. Gaynor said, and the average for all styles for twelve years was 21.26 cents. The average prices of the different years were: 1914, 13.96; 1915, 14.70; 1916, 17.13; 1917, 23.53; 1918, 26.34; 1919, 30.10; 1920, 25.71; 1921, 18.02; 1922, 19.23; 1923, 22.62; 1924, 18.36; 1925, 21.83c.

TEMPERATURE DROPS 10 DEGREES IN DAY

A sudden drop in temperature was recorded Thursday morning, when the official thermometer at the Schaefer Hardware company registered 6 degrees above zero, a drop of 10 degrees from Wednesday's reading. However, the recording barometer at the Schaefer store showed a break in the cold, predicting warmer weather with mild winds. The temperature had risen to 12 degrees above zero by 9 o'clock Thursday morning.

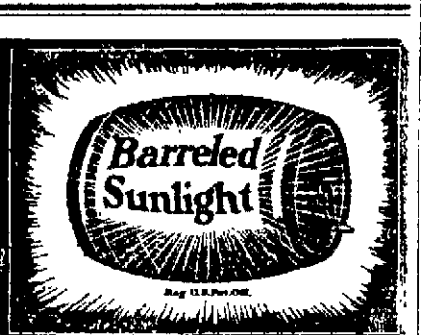

ACID STOMACH IS DANGEROUS

Sufferers From Indigestion or Stomach Trouble OUT THIS OUT

"Stomach trouble, dyspepsia, indigestion, sourness, gas, heartburn, food fermentation, etc., are caused nine times in ten by chronic acid stomach," says a well known authority.

Burning hydrochloric acid develops in the stomach at an alarming rate. The acid irritates and inflames the delicate stomach lining and often leads to gastritis accompanied by dangerous stomach ulcers. Don't dose an acid stomach with pepsin or artificial digestants that only give temporary relief from pain by driving the sour, fermenting food out of the stomach into the intestines.

Instead, neutralize or sweeten your acid stomach after meals with a little hot water and Bisurated Magnesia and not only will the pain vanish but your meals will digest naturally. There is nothing better than Bisurated Magnesia, to sweeten and settle an acid stomach. It soaks up the harmful excess acid much as a sponge or blotting paper might and your stomach feels fine in just a few minutes. Bisurated Magnesia can be obtained from any reliable druggist in either powder or tablet form. It is safe, reliable, easy and pleasant to use, is not a laxative and is not at all expensive.

COMPLETE PLAN FOR RECEPTION OF NOTED LAWYER

Clarence Darrow Comes Here Friday Evening to Speak in Chapel

Preparations for the reception of Clarence Darrow, famous Chicago lawyer, when he comes to Appleton Friday evening to speak in Lawrence Memorial chapel, will be completed at a meeting of the men sponsoring his visit here Thursday afternoon. Mr. Darrow will be the guest of Outagamie County Bar association at a dinner and reception at 6:30 Friday evening.

Mr. Darrow is to arrive here at 6 o'clock Friday and will leave immediately after his lecture.

Because of the tremendous interest in the man, preparations are being made for a record breaking attendance at his lecture. He has spoken to capacity audiences everywhere he has visited and he has frequently been invited to return to cities in which he has spoken. The demand of his time is so great, however, that he is able to accept but very few of the invitations extended to him.

Mr. Darrow's fame is built on the prominent part he has had in some of the most important litigations of the last two or three decades. Starting way back in the nineties he was identified with important cases and since the beginning of the present century he has been one of the ablest champions of labor in the many legal battles in which it has been involved.

DEBATE SQUADS TAKE PLATFORM THURSDAY NIGHT CAST READY FOR ELKS' COMEDY

Affirmative Team Meets
Stevens Point and Negatives Travel to New London

Menasha—Affirmative and negative debating teams of Menasha high school are scheduled for debates Thursday evening. The affirmative team will meet Stevens Point high school team at Menasha high school auditorium at 7.45, and the negative team clashes with New London high school team at New London.

Both teams have a victory to their credit, having defeated Wausau and Waupaca high schools last week. The affirmative team is composed of Verle Biles, Dorothy Crawford, Robert Schwartz and Doris Schwartz, and the negative team consists of Ellsworth Ellingboe, Helen Jones, Henry Kryslak and Lucille Schwartz.

The judges for the Menasha-Stevens Point debate will be J. Layde, principal of West De Pere high school; E. A. Clemens, Oshkosh Normal, and M. H. Small, principal of Wilson junior high school of Appleton. The judges of the Menasha-New London debate will be H. H. Heible, principal of Appleton high school, C. W. Tomlinson, principal of Shawano high school, and a third judge will be announced at the opening of the debate.

Lots of Funny Situations in Home Talent Musical Play in Neenah Theatre

Menasha—With the dress rehearsal at Neenah theatre Thursday afternoon, the cast of Vanity Fair Revue to be presented by the Elks will complete its preparation for the opening performance Thursday night. It is to be one of the most elaborate productions of its kind ever seen in the Twin Cities and there will not be a dull moment from the time the curtain goes up until the close of the performance. The satire is full of action and there are many features about the performance that promise to put the audience in an uproar.

The sale of tickets has been large and the indications are that every seat in the theater will be occupied both Thursday and Friday nights. Seats are being reserved at E. G. Sonnenberg's drug store in Menasha and at Lettingwell Bros. drugstore at Neenah, and there are still many good ones to be had for each performance. The satire is being staged and equipped by the Associated Producers, Inc. of Fosteria, O., with Hazel Robertson as director.

STREET CHANGES AWAIT BRIDGES

Neenah Has Ambitious Plans for Making Commercial-st. a Beauty Spot

Neenah—Plans to make Commercial-st. one of the finest streets in this vicinity are underway and initial steps will be taken in that direction as soon as the bridge question is disposed of. The first and most important improvement will be the three new cement bridges, two to be built by the city and one by the state.

As soon as plans are ready for the bridges, plans will be perfected for a handsome new office building adjoining them by the Neenah Paper Co. The proposed filling up of the power canal south of the long bridge will give space for a new office building for the Kimberly-Clark Co.

A movement is on foot for an ornamental lighting system on this street. All these improvements will be started as soon as the work on the bridges begin.

FANS SHOW INTEREST IN INTERCITY BATTLE

Menasha—More than ordinary interest is being taken in the basketball game between Menasha high school team and Neenah high school team at 8 A. M. this morning Saturday night. Neenah has been victorious of late, but with its strong team this year the indications are Menasha will win. Both squads under their respective coaches have been putting in extra time this week to get in form for the battle. Extra seats will be provided for the accommodation of the crowd. The game will be preceded by a curtain raiser between the second teams of the two high schools.

Life Dramas That Thrill!

Everyone enjoys a good story; but when that story has the added advantage of being true, the interest it arouses is increased many fold.

That is one reason why True Story Magazine is the favorite periodical among millions of readers. Every one of its stories is a true experience lifted right out of life.

In this unusual publication, its writers live again events that have actually happened; they review problems of love and marriage, of success and failure, of joy and tragedy, that they have met and solved; they reveal secrets of their inner lives, for the benefit of others, that would otherwise remain forever buried in their hearts. The result is a monthly magazine containing eighteen or twenty of the most thrilling, most inspiring life dramas that you could imagine. March True Story is now on the newsstands. Buy it today.

STORE AT SHERWOOD INSTALLS FRIGIDAIRE

Special to Post-Crescent
Sherwood—Maurer Brothers, proprietors of the general store have joined the ranks of the stores using "Frigidaire" in place of ice in their refrigerators.

This plant made by the Deeco Light Co., was installed by the Clusbro Brothers of Brillion. "Frigidaire" is said to do away with the uncertainty, inconvenience and expense of an outside ice supply, and keeps the foods uniformly cold, clean and fresh. Meats are kept fresh and untainted and their strength giving qualities unimpaired.

The motor for this plant is in the basement of the store. Refrigeration is constant and automatic, the Frigidaire cooling coil being the equivalent of a huge cake of ice, which never melts and never changes its size.

BEGIN HERE TODAY

Breaking with her fiancé, **BRUCE REYNOLDS**, because he opposes her ambition for a career, **BARBARA HAWLEY**, a talented girl of 23, gets a job on the Appleton Telegraph.

JEROME BALL, a man about town, introduced to Barbara by **BOB JEFFRIES**, police reporter, takes her to a newspaper dinner at a roadhouse. While there she covers the story of the suicide of a prominent local man in a private dining room. She picks up a red scarf belonging to the dead man's unknown woman companion.

Bruce has joined the real estate firm of **Manners, Stone and Reynolds** which later collapses due to the crookedness of Manners. Lydia, Stacy a rich widow, is attracted by Bruce but when he treats her coldly she informs **ANDREW McDERMOTT**, managing editor of the Telegraph, of the impending crash.

Barbara is assigned to the story and Bruce blames her for the publicity given the firm's collapse.

Barbara carries on a correspondence in the love letters of the paper with a factory girl named "Violetta." Then she reads of Bruce's marriage to **VIOLETTA CRANBY**, and realized she has helped another girl win her former fiancé.

When Barbara's mother dies, she moves into a small apartment with **FANCY McDERMOTT**, daughter of the managing editor. Fancy comes in after midnight to find Barbara waiting for her.

NOW GO ON WITH THE STORY

CHAPTER XXXIV

Fancy came in slowly and closed the door. She did not see Barbara until Barbara moved. Then a shadow of surprise and consternation crossed her face.

She was walking across the room toward the bedroom when Barbara spoke. "Fancy," she said.

The girl stopped, but did not look around. "Fancy," Barbara repeated. "What is it?" said Fancy, sullenly. "Where have you been?" "Out with a friend," snapped Fancy, beginning her march toward the bedroom again. "It's very late indeed," said Barbara gently. "What if it is?" cried Fancy, whirling around to face her. "I'm old enough to take care of myself. You needn't worry, Barbara."

"Taking care of oneself isn't a matter of age, Fancy. I'm afraid your father wouldn't like this, dear. He expects me at least to know where you are and whom you are with."

"Well, why don't you give me a chance? I don't mind telling you where I was. We went out to dinner at the Lighthouse and coming back we had a puncture and a blow-out. That's all."

"Even so, you must have left the Lighthouse rather late. It's not a very good place for a nice girl early in the evening, Fancy, and toward midnight it gets worse."

Fancy tossed her head. "Fuh. I don't see how you know anything about it. I'm here the way you do. Work day in and day out, no fellow or fun, dash—you don't expect me to live that way, do you? I'd die!"

Again she started for the bedroom. Barbara followed her. "Listen, Fancy," she said, "you've spoken like a very rude and boorish child. But it doesn't matter. All I care about is for you to behave as your father wishes. I am responsible to him, you know."

"Don't you go and tattle, Barbara Hawley. You'll be sorry if you do. Oh, how my head aches. Let me alone." She ran into her bedroom and slammed the door. Sounds of sobbing came through the partition.

Barbara walked heavily to the front door and locked it. Then she turned off the lamps and went to get the milk bottles. She opened the door, unlocked the kitchen and opened the door of the dumb-waiter to put it in. A card dropped out. It bore the name "Jerome Ball."

Fancy did not appear for breakfast. Several times Barbara approached her door and paused a moment. But she left it without knocking. At last, when the toast was stacked on the plates and the coffee pot steamed on the breakfast table, Barbara knocked at Fancy's door.

"Are you ready for breakfast, dear?" she called. There was no answer. "Fancy," she called, with alarm in her voice. A sound of sobbing answered her.

Barbara went back to the dining table and ate alone. Fancy had not appeared when she left for the Telegraph office.

At breakfast looked up as she hurried past his office door. She turned her head away, lest he ask her about Fancy. But he came to the door and called after her. "Good morning, Barbara? How are you and the youngster making it? I have a stinner date with her tonight. Want to come along?"

"No, thank you," Barbara replied, and turned her eyes away. The movement was not lost on McDermott. He turned back into his office with a sober face.

Barbara gazed after him and took one step toward his door. Then she turned with sudden determination and went to the telephone booth.

When she came out her lips were tightly set.

"My heavens, Barbara," cried Rob. "you look like a lion hunting for a Christian. What's the matter?"

"Oh, nothing much," she evaded. "Just life, that's all."

Miss Badger made one of her rare pilgrimages to Barbara's desk. "Oh, Miss Hawley," she said, with the extreme nonchalance she always used in addressing Barbara. "I have been told that Jerome Ball's engagement to Angela Davidson has been broken with difficulty. 'No, Jerome,' she said, 'it doesn't comfort me to know you've turned down the other girl for Fancy. That sort of thing is a mere episode in your long career. The ladies you've turned down for other ladies would stretch from here to Marium, if placed side by side. Fancy'll have her turn and then go like the rest.'"

Jerome shifted in his chair. "Well, is there anything more to say? Guess I'll be rambling along."

"No," answered Barbara, "there's nothing more to say, but there are things to do."

Jerome laughed, his head thrown back. They heard the door open behind them. Fancy stepped into the room.

She gave them a startled look. Then she stepped nearer. "Now," she said to Barbara, "I beginning to understand why you flung such a fit last night."

ROHAN OUTLINES AIMS OF J. H. S. STUDY COURSES

Seek to Guide Student in His Choice of Preparation and Occupation

The aim of the junior high school curriculum was discussed by Ben J. Rohan, superintendent of schools, at the February meeting of Roosevelt Parent-Teachers' Association Tuesday night at Roosevelt school. Dr. Earl Baker gave a demonstration of community singing prior to the talk. Mr. Rohan said the junior high school is trying to give educational guidance to its students by making the school "a finding and sorting school where pupils may, through actual experience, be led to make a more rational selection of their senior high school work, or their occupation in the world of industry, than would be otherwise possible."

The program followed in the Appleton junior high schools, Mr. Rohan said, is that given by Thomas H. Briggs, Columbia university, in his book, "The Junior High School," except in the last point of the outline. "What program then is forced upon the schools by this combination of principles and facts?" Mr. Rohan asked, and answered the question by the following courses: First, to continue in so far as it is wise and possible, a gradually diminishing degree, a common integrative education, by this means to establish a common core of ideals and aspirations by means of the fundamental courses, as mathematics and English.

Second, Mr. Rohan aims to ascertain and satisfy, as far as possible, pupils' important immediate and as-

sured future needs, that is to satisfy conditions appearing in the case of his attending college, or in the case of his leaving school at the end of the high school course. Third, he would explore by means of materials in the self, the worthwhile interests, aptitudes, and capacities of pupils, when individual differences would be located.

Fourth, the junior high school would seek to reveal by materials otherwise justifiable the possibilities in the major fields of learning. These are determined by the fundamental subjects, and the aim is to vitalize these fundamentals, beside giving definite knowledge and views of the major fields of activities open in the world. The fifth point, not undertaken in the program of study in the Appleton schools, was to start each pupil on a career as a result of exploratory courses found by himself, his parents, and the school to be most likely to be of profit to him and the state.

WANT POSTAL EMPLOYEES TO HELP SAVE RUBBER

Rural and city mailcarriers of Appleton using automobiles and trucks are being urged to show more care with the tires by Postmaster General Harry New in an effort to cooperate with Herbert Hoover, secretary of commerce, in conserving the country's rubber supply. Mr. Hoover desires to save rubber and thus reduce the price of tires and he believes that that the consumption in this country can be reduced 25 per cent and the car owners still can travel the same number of miles. This can be done by repairing the tires in time and by taking more care in using them. The postoffice department of the country is said to be one of the largest users of rubber products, according to Mr. New's bulletin.

More than half the expenditures of the people of this country for foreign fruits in 1924 were for bananas. Chinese natives are known to use old newspapers in making their clothing.

Quick Recovery from Severe Illness Sys-Tone Did It!

Mrs. Mary Zielberg writes: "For five years I was in misery and often had severe pains. Never felt like eating and when I did eat, I would suffer for hours. The first few doses of Sys-Tone brought me relief. The pains have gone, and I can eat food that I dared not eat before."

"For years," says Mr. C. I. Crim, "I suffered with rheumatism and stomach trouble, and lost in weight until I was only 120 pounds. Sys-Tone has increased my strength and weight and I can work all day without fatigue."

Thousands of men and women—who were nervous, weak, discouraged and downcast—have been restored to health by Sys-Tone, the great tonic and strength builder.

Sys-Tone is the prescription of a successful physician, who formerly reserved it for his patients, but now you can get it at leading drug stores.

If you need a laxative, ask the druggist for Sys-To-Lax.

DENNY CAGERS PLAY TWO GAMES OVER WEEKEND

CARROLL AND MILTON FIVES ON SCHEDULE

Both Tilts Will Take Place Away From Home

STANDINGS

	W.	L.	Pct.
Carroll	2	0	1.000
Ripon	2	1	.667
LAWRENCE	0	1	.000
Lake Forest	0	2	.000

With games scheduled for Friday and Saturday night, a busy weekend is in store for Coach Denny and his Blue clad basketball tossers. The fact that both tilts will take place on foreign territory does make the job any easier.

On Friday evening Lawrence and Carroll college cagers will entertain not fans at Waukesha, while on the following night Milton will act as host to Captain Driese and Co.

The former encounter will be the most difficult assignment. Besides winning its first two starts in the Wisconsin-Illinois conference, Coach Norris Armstrong's pupils have demonstrated their superiority over a number of their last traveling squads. The Pioneers lost a team of veterans and they will no doubt complete the season with an enviable record.

Ripon, the only school holding a victory over Lawrence's court team this season, met defeat at the hands of Carroll in the middle of January by a 21 to 19 score. Lake Forest college of Lake Forest, Ill., tasted a similar experience on their own floor, Carroll winning that battle 28 to 25.

Milton college squad, after getting away to a rather slow start, has been giving a better account of itself in its few games and is ready to give Lawrence a merry tussle.

The varsity team has been strengthened by the addition of several freshmen stars, namely Cliff Courtney and Arnie Hillman, both of Appleton, and Jones of Neenah. The first two will probably be taken along on the trip this weekend. Both are former Appleton high school stars and have been showing up well in recent practice sessions. They became eligible for varsity competition Feb. 8.

Courtney has been working out at forward and is rapidly fitting into the Denny machine. Hillman has been playing at both center and guard, while Jones is after a forward berth.

The result of the two approaching games will have no effect on the standing of the Blues in the Midwest Conference. The Carroll tilt will be the most important, however, and will place Lawrence in the 500 per cent class in the Wisconsin-Illinois conference if Carroll is defeated.

BOOSTERS ARE LEADING LOOP

Defeat Lens Papermakers in Three Games as Stamp-lickers, Lose

Kimberly—Bill Matthews' Clubhouse Boosters stepped into first place, vacated by the shipping Stamplickers, when the Boosters took three straight from Lens Papermakers, while Kneegers Groceries were taking two out of three from the Stamplickers. Duke Hoffman squeezed two out of three from Friggs Landmen who are fighting their hold on last place. With four more games to be played the Clubhouse Boosters hold a one game advantage over the Stamplickers who are leading the Groceries and Footmen by two games.

Fight Results

Wilmington, Calif. — (AP) — Jack Spurr, Lomita, Calif., beat Benny Valgar, New York, 10 rounds.

San Francisco—Blacky Adams, Omaha, knocked out Ted Hoffman, San Francisco heavyweight, two rounds.

Oakland, Calif. — Billy Wallace, Oakland, won a decision over Tommy Cello, San Francisco lightweight, 10 rounds.

WRIGHT PLAYED EVERY INNING OF ALL GAMES

Glenn Wright of the Pirates played every inning of every game during his 1924 debut season, a rather unusual feat for a rookie.

RUTH HAS TAKEN PART IN SIX WORLD SERIES

Babe Ruth of the Yankees has been in six world series, three each with Boston and New York.

NOT A WORD WAS SAID—

ERNIE NEVERS, LEFT, AND MAJOR JOHN L. GRIFFITH.

They met the other day—Ernie Nevers, former Stanford star and one of the greatest of pro football players, and Major John L. Griffith, one of the most outstanding opponents of the professional game. Their meeting took place at Superior, Wis., where Nevers started his athletic career in high school. Nevers was back for a visit with the old folks, while the dedication of Superior's new \$75,000 Normal gym was the cause of Griffith's attendance. Griffith was one of the speakers. "He's just an innocent kid," said Griffith, commenting on the grid star. Ernie, on the other hand, was de-lighted with the major's pleasantness. The two did not discuss professional football during their meeting.

VALLEY SPORT GOSSIP

The Valley conference basketball teams will be kept plenty busy this week as five games are scheduled. On Friday night West Green Bay will face Fond du Lac; Sheboygan is to appear at Marinette; East Green Bay will invade Manitowoc; and Oshkosh will play at Appleton. On Saturday night, Sheboygan will do their stuff at East Green Bay.

The Columbus Community club has a football machine of Green Bay scored their initial win on their home court Sunday afternoon when they swamped the Kewanee five to the tune of 60 to 35. McAluffe, the former Beloit star, was the U. C. C's big scoring ace with 9 field goals to his credit.

Various ball clubs who will appear on the diamond this summer in the Fox River Valley League are beginning to line up their men. The eligibility lists will be presented at the next meeting of the managers which will be called within the next few weeks.

Oshkosh is laying claim to the hockey championship in the Valley as a result of its victory over Neenah. There was trouble in the ranks over a play off game and the Appleton management withdrew from the race. At the time of the withdrawal, the college city aggregation was in first place.

The basketball pot is sizzling in Nee-Menasha these days as the rival schools are booked to have it out on Friday night. Neenah appears to have an edge on the season's play.

The amateur boxers will perform Friday night in Green Bay. Several out of town tilt swingers are going to mix with the amateur boxers at the Bay. The American Legion is slugging the show, and those in charge promise that it will be filled to the brim with all the modern dancing steps.

Shawano high is having another good year on the basketball court. The Curless cagers are now sitting at the top of the heap in the Wisconsin Valley race as a result of the victory over Stevens Point. Shawano will probably enter the district tournament at Marinette and odds on favor.

Failure to make good on tosses from the foul line is proving the outstanding weakness of scholastic basketball teams in this part of the state. Some of the coaches are trying everything possible to remedy this fault but the cagers still continue to blow them during important arguments.

The stage is all set for the opening of the K. C. state tournament in Green Bay this weekend. The event is the biggest of its kind ever staged in Wisconsin. There are 336 live-man squads entered and a healthy representation in the doubles and singles. There is big money in the prize fund.

The Lena Legion quintet continues to cut a wide stretch through pro basketball circles. This aggregation has been playing together for about six years and they know all the ins and outs of caging. The Lena combination this season has won games from the majority of leading teams in the state.

After several successive nights of changes in the standings of leaders in the Wisconsin Women's Bowling association, lower scores prevailed Wednesday evening. B. B. E. squad of Beloit compiling high count, 2,153. This score will give them a fair share of the prize money.

Seitz Recreations, Manitowoc, were second high with a 2,092 total, and were closely followed by Christoph's Chero Cola, Neenah, with one pin less.

The rolling of booster teams on the early shift was above average, two squads exceeding the 1,800 mark. Modern Dye Works were high, getting 1,821 on games of 580, 622 and 619. Standard Manufacturing Co. was the other group to pass 1,800, bettering this mark by eight pins.

Special prizes on the 7 o'clock shift went to B. Bell, 162; B. Christoffense, 157; J. Williams, 153. On the late shift C. Matthews, Janesville, 188; A. Seitz, Manitowoc, 187, and W. Johns, Neenah, 187, won the special prizes.

Five booster teams rolled at 1 o'clock Thursday afternoon, together with a team from Racine. Squads from Milwaukee, Racine and Fond du Lac will take the drives Thursday night.

Two especially strong teams, Knecher's Orange Squeeze of Appleton and Milwaukee Sausage No. 1, 1925 state champions, are scheduled for appearance Thursday night, and a change is apt to result in the standing of the leaders in the team event.

Thursday night schedule:
7 o'clock—Boettcher Printing, Milwaukee, Hugh Bakers, Milwaukee, Sisco's, Milwaukee; Arcade No. 1, Fond du Lac; Koester's Orange Squeeze, Appleton; Arcade Special, Fond du Lac.

ILLINOIS CAGERS WIN OVER PURDUE, 29 TO 28

Urbana, Ill.—(AP)—Mastery of the fine art of stalling Wednesday night gave Illinois a 29 to 28 victory over Purdue in the fastest basketball game yet played in the new University of Illinois gymnasium, and helped the Illinois to slip into fifth place in the Big Ten standing.

His players in trades or sales to meet all such situations.

Newly elected secretary of the International Women's Bowling Association, who is now at work on plans for the big fair sex tournament to be held in Milwaukee April 21 to May 9. Mrs. Swartz is one of the outstanding leaders in the women's field and has a reputation of winning more devotees to the sport than any other active worker in her field. She makes her home at Kenosha, Wis.

OSHKOSH FIVE PLAYS APPLETON HERE ON FRIDAY

Three Games Remain on Schedule of Coach McAuliffe's Basketeers

Oshkosh high school basketball five, cellar champs of the Valley conference, and Appleton high cagers, who bid fair to finish the season on top of the circuit, will furnish basketball fans their weekend diversion here Friday night.

The Paper City squad, according to its record thus far, should not give Coach McAuliffe's fast stepping youths a great deal of difficulty in continuing in the win column. Oshkosh has not been able to score a win from a conference team to date, having lost all five of its starts.

With a championship in sight, however, the former Beloit flash is taking no chances of having his team upset by a second division aggregation. Long practice sessions have again been on the menu this week for the Orange youths, sessions in which the new additions to the team have been getting better acquainted with the various plays.

As the teams now stand, Appleton and Manitowoc promise to finish the season either in a tie for first place or with only one game separating the other from the coveted championship.

A review of the schedule would indicate that Manitowoc should experience the most difficulty in completing the schedule without a loss. Following its game at home Friday night with East Green Bay, Sheboygan and Fond du Lac, both strong aggregations, must be done away with.

ZIVIC SIGNS PAPERS FOR MILLIGAN FIGHT

New York—(AP)—Jack Zivic, Pittsburgh welterweight, and Tommy Milligan of England signed contracts for a ten round match at Madison Square Feb. 19. This is the second meeting of the two, Zivic winning a decision over his English opponent in a recent meeting here.

SCHLINTZ TEAM LEADS LEAGUE

Second Round of Volleyball Tourney Gets Underway at Y. M. C. A.

The second round of the volleyball tournament in the Business Men's league got under way at the Y. M. C. A. gym Wednesday evening with team D, captained by Schlitz, forging ahead with a three-game win over Captain Patterson's squad. The scores were 15-8, 15-13 and 15-3. The first and last games were one-sided affairs, but the second battle was almost won by team D.

In the first match, Captain Barlow's team C took a two-game victory from team A, of which Murray is captain. The first two contests were close, each team winning one by identical scores, 16-11. Murray's squad lost the final, 13-7.

PEOTTER PUTS HAT INTO RACE FOR RULE'S JOB

City Building Inspector
Aspires to Election as City
Assessor

George E. Peotter, city building inspector, has announced himself a candidate for city assessor. He took out nomination papers Wednesday afternoon and is the second candidate to come out for that office. Gordon Fish also is circulating nomination papers and rumors has it that Charles Schump is about to enter the race. A. C. Rule, incumbent, is a candidate for mayor.

Mr. Peotter was the city's first building inspector. He took the office in May 1923, shortly after the zoning ordinance went into effect. Previous to this he was employed in one of the district engineering offices of the state highway commission.

The candidate went on three missions to South America for aluminum companies. In 1917 he spent about a year there on mining constriuction work and ore deposit estimates for the Demea & Roatte company, a subsidiary of the Aluminum company of America. He also made two trips to that country between 1919 and 1921 for the Republic Carbon company. On the last mission he spent about two years there in the work of a geological property titles in the West Indies, Brazil, the Guianas, Peru and Venezuela. He also served with Company G, Appleton, on the Mexican border in 1915 and 1916 and with the overseas armies in 1918 and 1919.

FIVE BREEDERS' CLUBS ELECT 1926 OFFICERS

Madison—(AP)—Offices for five or ganizations of Wisconsin livestock breeders were chosen at meetings here in collection with the University of Wisconsin Farmers and Home Makers' week.

The officers announced for 1926 are: Wisconsin Poland China Breeders' association, L. W. Nicholas, Iowa county, president; E. L. Ryan, Green county, vice president; Burlin Peterson, Grant county, secretary; treasurer, Director of the organization are Peter Doyle, Columbia county; Emil Nitschke, Dodge; and R. F. Smiley, Green county.

Wisconsin Chester White Breeders' association, William Brewer, Green county, president; B. M. Balcock, Rock, secretary-treasurer.

Wisconsin Duroe Jersey Breeders' association, L. F. Atwater, LaCrosse county, president; Clarence Croft, Rock, vice president; T. P. Schreve, Dane, secretary and treasurer.

Wisconsin Berkshire Breeders' association, A. O. Whitmore, Walworth county, president; Theodore Kurtz, Ozaukee, secretary and treasurer.

Wisconsin Horse Breeders' association, J. W. Martin, Richland Center, president; H. C. Harrison, Sauk county, vice president; A. B. Alexander, Dane County, secretary-treasurer.

KOCH VOTED INTO OPTICAL FRATERNITY

Dr. A. Lester Koch, optometrist, was honored this week by election to Beta Sigma Kappa national honorary optical fraternity. Pre-requisites for membership are membership in another optical fraternity and the accomplishment of something of national interest and value in optical work. Dr. Koch's election is based on a Student's Guide-book, written largely while he was attending school in Chicago, but which is still in manuscript, on clinical work done at the Chicago optical clinic and on his membership in Alpha chapter of Omega Delta, a national honorary optical fraternity.

The Harry C. Paul of Chicago is chancellor of Beta Sigma Kappa. In Switzerland there is only one divorce in every 15 marriages. At the height of 1,600 feet one may see an object 56.34 nautical miles at sea.

Columbus, Franklin and First ward schools have perfect records, and Richmond school lacked only two depositors to be included on the honor

MAKE REPAIRS ON LOCKS IN CANAL

New Steel and Concrete Valve
Platforms Are Being In-
stalled

Extensive repairs involving the re- moving of the timbers of the upper gates, and the installation of a con- crete and steel valve platform are being made on the upper lock in the government canal near the Riverview country club. The valve platform holds the valve through which the water is poured into the lock. The work was started last fall immediately after the close of navigation, and will continue until the latter part of March, just before the 1926 navigation season opens, according to A. F. Everett, United States government engineer.

New miter sills are also being in- stalled at each end of the lock. These are the sills which the gates at each end close against.

Improvements also are being made on the upper dam where electric gate hoists are being installed. The sluice gates of this dam were formerly raised and lowered by hand.

LAST CLINIC FOR BABIES WILL BE HELD FEB. 16-17

Mothers Urged to Take Pre-
school Age Children for
Examination

The last of the free baby clinics for this season will be held at Appleton Woman's club, Tuesday and Wednes- day, Feb. 16 and 17, and plans are being made to accommodate all moth- ers who wish to take children or pre- school age for examination by Dr. Sylvia Stuessy of the state health de- partment. Mrs. A. G. Meating is

chairman of the committee in charge of arrangements, assisted by Mrs. Homer Benton, Mrs. G. W. Carlson, Mrs. E. Louise Ellis, Mrs. C. O. Goch, Mrs. Robert Hann, Miss Flor- ence Whipple, Miss Marie Klein.

The purpose of the clinics is large- ly stressing the general care and feeding of children, and advising the attention of the family physician where this is needed. Educational lit- erature is distributed, the cases are followed up by the city and county nurses and are brought back to the next clinic for further consultation and advice where this is desirable.

A few special cases have been under observation for a considerable time by the clinic. One child has at- tended every clinic ever held in Ap- pleton and his overcome defects through advice given by the clinic. Information may be had and ap- pointments made through Mrs. A. G. Meating, chairman for arrangements for this clinic.

Our Sale of Orientals is Drawing Hosts of Customers Eager for These Bargains

We have never had a finer display of Oriental rugs to offer our customers and never such wonderful bargains. It is so dom that one has so great a variety to choose from at usual prices, and here is all the wealth of Eastern skill and beauty at prices far below what is ordinarily asked.

This is your chance to get fine and last- ing rugs for very little more in many cases than you would pay for domestics of much less value. Take advantage of this oppor- tunity.

Room-Size Rugs---\$250---\$750

9 feet x 12 feet

One of the most desired of all sizes in room-size rugs is the 9x12 size. Every house has at least one room where one of these rugs could be used well. You will appreciate the great variety of patterns we can show you in this size and the lovely colorings. An Oriental gives character to the room in which it is used and makes up for many other deficiencies. Very lovely ones at \$250 to \$750.

Turkish Rugs---\$75 up

The Turkish rugs are especially desired among Orientals for their soft colors that blend so perfectly with draperies. They are luxurious to walk on because of their soft pile. But they are not beyond the purse of any rug lover as the prices start at \$75. They are the 5x7 feet size.

10 x 14 Rugs---\$575

Many stately rooms require rugs at least 10 by 14 feet and nothing so enhances the charm of such rooms as Oriental floor coverings. Designs of surpassing beauty are woven into these truly regal rugs, such as no western work- men even imagine. From \$575 upward.

Table Rugs---\$10 up

Pretty little rugs for tables or doorways can be bought for as little as \$10 and finer ones at higher prices. For the room in quiet tones these small bits of rich color are the de- sired note to remove the look of drabness. Be sure to see these small rugs at such modest prices.

Mr. Gabriel will take your order for cleaning and repair- ing Oriental rugs.
